Understanding judgements about others' mental states

Ethics Approval Reference: R64184/RE004

## **VOLUNTEERS NEEDED FOR A STUDY ON UNDERSTANDING PERSONALITIES AND THOUGHTS**

We are investigating how we make judgements about other people's personalities, cognitive abilities and thoughts.

We are looking for volunteers, over 60 years old and with normal or corrected-to-normal vision to take part. You would be invited to participate in an online study. The session would take about 75-90 minutes of your time. You would be asked to make judgements about personalities and to predict thoughts on the basis of video-recorded interviews.

If you are interested and would like more information please contact Emily Long on [emily.long@psy.ox.ac.uk](mailto:emily.long@psy.ox.ac.uk). There is no obligation to take part.

If you would like to take part, the study can be found at <http://bit.ly/3m6JVwv>.

You will be compensated for your time.

Thank you!
